Aerybeth Sewing Class Registration Form

Aerybeth Sewing Classes are very unique! Your classroom setting will be my in-home sewing studio and will have five or less students per class! Sewing machines are provided so you do not have to invest in a machine before you learn! Pins, needles and scissors are provided. Each student will bring in their project materials such as fabric, thread, elastic, buttons, etc. Each student should go to their fabric store of choice and pick out their own favorite fabric and notions (I'll help you with this so don't stress!). Choosing your own fabrics, trims, and notions will insure that the student will have a finished product made out of fabric they are proud of and that suits their personality. Students will learn a fun hobby, but also learn an extremely useful skill that will last them a lifetime!

Choose the class below that you would like to attend. Please remember that when you register you are signing up for the **entire session and you need to attend each class. (Projects are continuous thru each class) There is a once a year \$40 non-refundable registration fee (\$65 combined fee for mommy/me or sibling set).** (If you miss a class, you may be able to schedule a makeup session at \$20 per hour makeup session). If a student must cancel after the first lesson of the month there is no refund or prorating for unused sewing lessons that month.

Also, there is no waiting area since it is in our home. Please make other arrangements for the class time for yourself and/or siblings if you are dropping off your child. For children's classes, please do not drop off your child early and be prompt on picking up your child. There may be classes in progress or preparations being made for classes before and after classes. Parents are welcome to watch for a few minutes or drop in at the end to see how your child is progressing. Any distractions might hinder you, your child or others taking the class. Thanks for understanding.
